## Inspection Diagram DC-600:

## Function Description

In accordance with the respective, applicable OMM/CMM, especially the original manufacturers SAFT and Hawker/Varta but also Marathon are recommending to clean/inspect the vent valves of the aviation batteries.

In order to meet the original manufacturers specific recommendations, Proponent Battery Services GmbH has specially designed a vent valve test equipment and the necessary test adapters. With these practical new designs, all frequent vent valves of the a.m. manufacturers can be easily and professionally tested.
